

## Office of the Select Board

February 8, 2024

Conservation Commission members:

At our January 31, 2024 Select Board meeting, a group of residents attended to express concerns relating to the Kent's Point conservation area.

We ask that you kindly review the comments made at the meeting and, as a Board, address the issues raised.

Please let us know if we may assist in any way.

Thank you,

Michael Herman

Orleans Select Board, Chair
