Dear CPC Committee,

We are writing in support of funding for improvements to Eldridge Park. We purchased a home in Orleans in 2016 and have been full time residents since 2023 and enjoy all that Orleans has to offer. We have used the tennis courts at Eldridge Park in the past and know the courts and some of the other infrastructure are in need of repair. We feel Eldridge Park should be renovated and upgraded to provide recreational opportunities for all of the citizens of Orleans and continue to make Orleans an attractive community for young families to move to.

We reviewed each of the options being proposed for park renovations and feel that whichever design is selected for the renovations, it will be greatly beneficial for the residents of Orleans. We understand that renovating the park will be expensive, but we feel that the long-term benefits of renovating the park far outweigh the short-term costs of the renovations.

We fully support renovating and upgrading Eldridge Park.

Thank you.

Jean & Greg Doelp
